

Verification Requirements for 2012-2013

The Program Integrity Final Rule published by the U. S. Department of Education on Oct. 29, 2010, made numerous changes to verification regulations. One of the most prominent of those changes replaced the standard required verification data items with a list of new data items that ED plans to revise annually. USA Funds® provides a checklist of documentation schools must verify for the 2012-2013 award year for three categories of applicants: Tax filers, non-tax filers and tax filers with special circumstances.
